- 1200 x 600 x 40 (mm)
- 1200 x 900 x 40 (mm)
- 1200 x 1200 x 40 (mm)
- 1200 x 1500 x 40 (mm)
- 1200 x 1800 x 40 (mm)
- 1200 x 2100 x 40 (mm)
- 1200 x 2400 x 40 (mm)
- 600 x 2400 x 40 (mm)
- Ø 800 x 40 (mm)
- Ø 1200 x 40 (mm)

ADJUSTABLE WIRE HANGERS & SPIRAL FIXINGS

Installation for SilentRaft is quick and easy and can be completed with basic tools and appropriate fixings for your ceiling substrate. Rafts are simply suspended from wire hangers directly to the soffit or existing ceiling. Spiral hooks fit securely into the back side of the raft, and 1m adjustable wire hook fixings allow for perfect alignment.

Step 1

On the back side of the raft, mark out the locations for the supplied spring anchors. Apply pressure and screw in the fixings clockwise, allowing them to bite into the glass wool core of the panel. Generally 200-300mm in from the edge.

Step 2

Mark out location on the ceiling where you will install the top eyelet fixings for the adjustable wires. Location should match where the springs have been installed on the raft itself.

ADJUSTABLE WIRE HANGERS & SPIRAL FIXINGS

Step 3

Install suitable fixings into your ceiling substrate and fix the 90 degree eyelet securely into the ceiling. Allow the wire and hanger to dangle freely at its full supplied length to allow for full adjustability.

*Wires are supplied at 1m length as standard, but available in longer lengths on request.

Step 4

Lift the raft into place, and clip the wire hangers onto the spiral fixings. Adjust wires up and down to get the raft into the desired position, and level. Once happy with the positioning, excess wire can be snipped off or just tucked up out of sight.

CAMIRA ERA

Era is a subtle, two tone polyester fabric containing stretch in both directions for ease of upholstery. The baby herringbone weave offers an understated contemporary texture while its colouring technique provides close up intrigue. The palette incorporates playful brights and sophisticated muted tones.

CAMIRA SONUS

With a fibre felted finish and an appealing mélange effect, the Sonus range is the ideal accompaniment for a modern interior. An acoustically transparent fabric for use on panels, Sonus is the perfect enhancement for a range of vertical surfaces. The complementary Sonus Etch is available in two understated grey shades, bringing added depth with its subtle embossed lattice design.
